**THE CORE ADVANTAGE OF VIDEO
VERIFICATION**

Video Verification – What is it ?

Security/Intrusion Market – A few facts

- 👁 Over 90% of the installations are without cameras
- 👁 Over 97% of the alarms are false alarms
- 👁 In some countries, when there is an alarm, video verification is required by law before police/private patrols are dispatched.

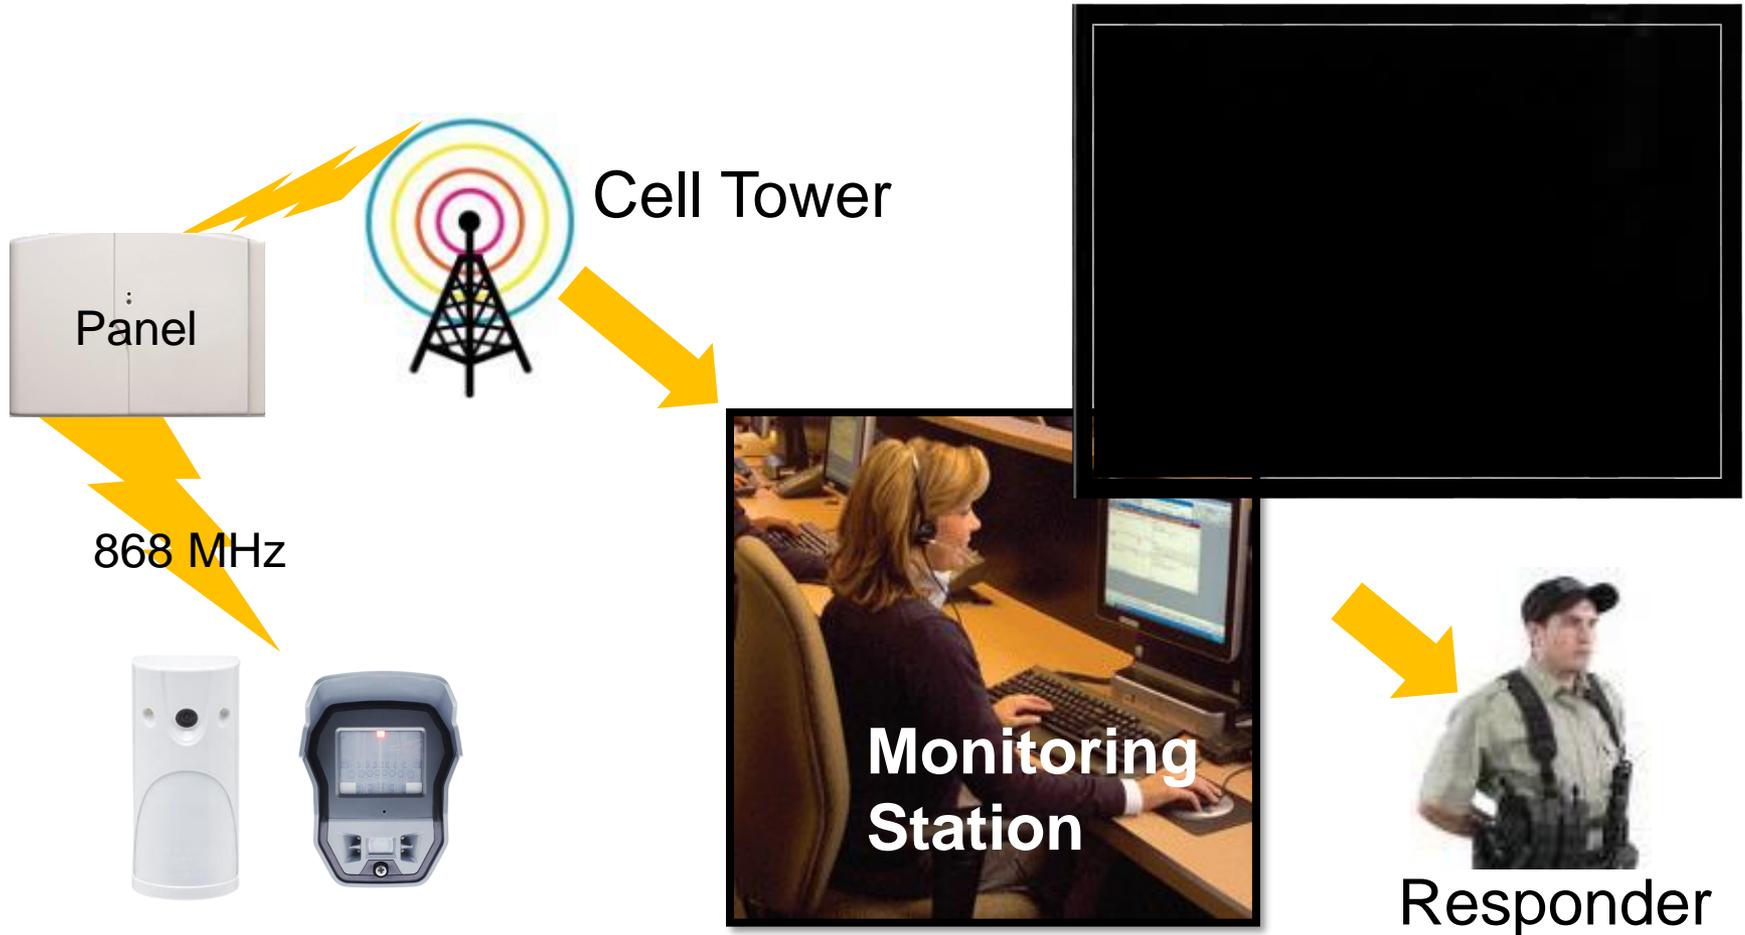

The quality of the dispatch is often, as we know, the weak link ! High costs and in most cases the patrol does not arrive on site fast enough.

Video Verification – What is it ?

- 👁️ In case of detection, the systems records and sends a 10 sec. **video clip** to the Monitoring Station
- 👁️ The video truly allows the Central Station to verify the Intrusion
- 👁️ I see, I understand, I act...

Video Verification – How does it work ?

Video Verification - Benefits

- To provide your own customer a better quality of service
- To reduce the operating & guarding cost of security companies
- Decrease the number of intervention with vehicle on false alarm (97% of total alarms)
- To keep the leadership in the security market with the newest technologies
- Provide better maintenance services remotely

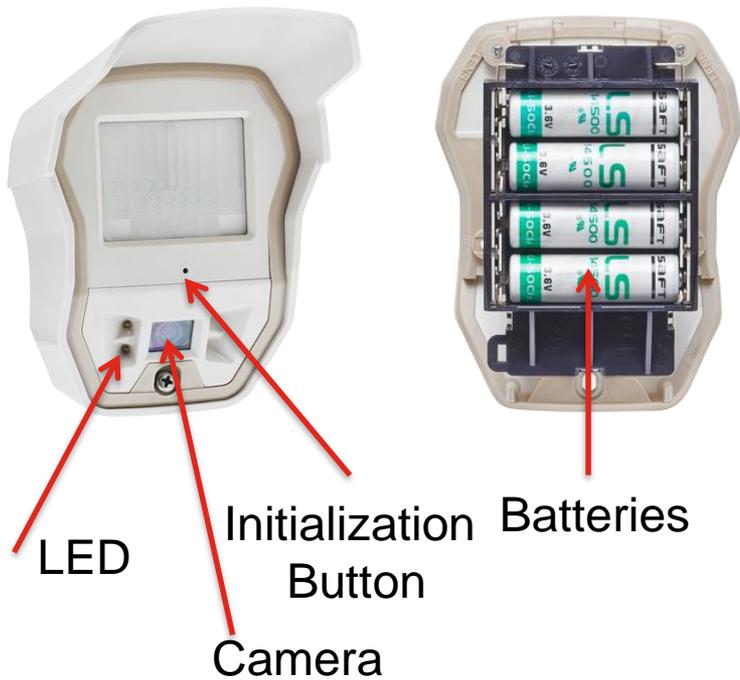

Peripheral Protection – New Concept

Detect BEFORE the damage. Catch the thief OUTSIDE!

Peripheral Protection – The OMVC 200

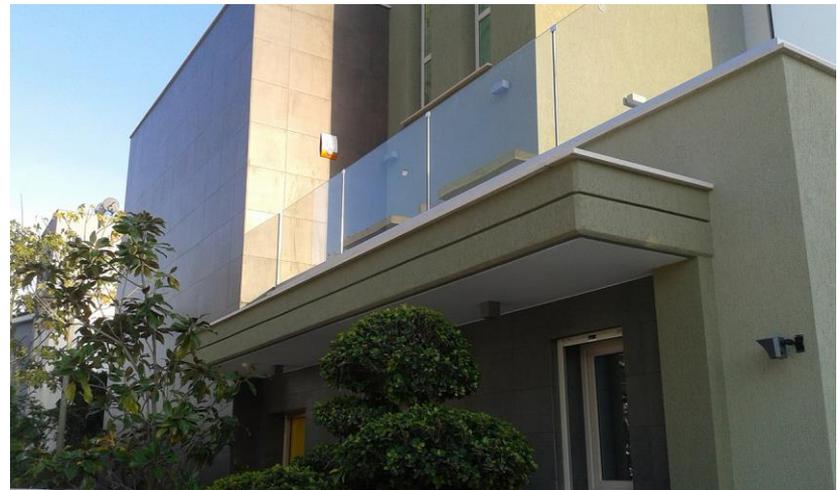

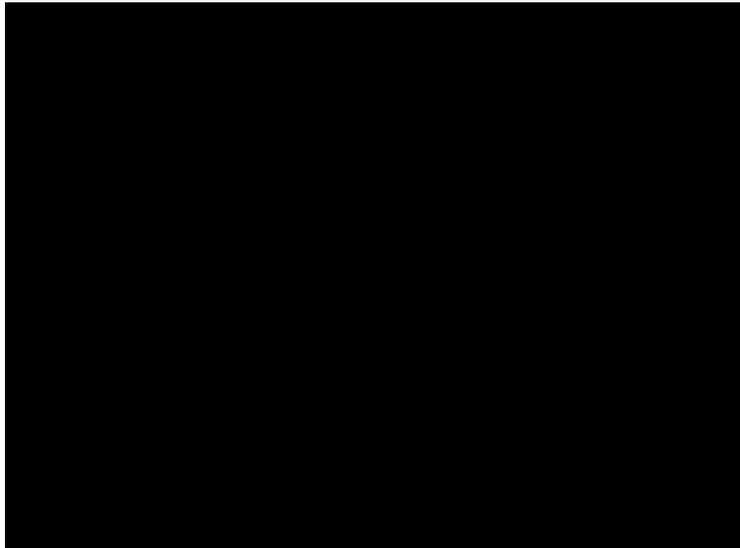

Max detection distance : OMVC		Tilt angle				
		5°	10°	15°	20°	30°
Mounting height	2.5 m	14m*	11 m	8 m	6,5m	
	2.75 m	14m*	12 m	9 m	7 m	5 m
	3 m	14m*	13 m	9,5m	7,5m	5,5m
	3.25 m		14 m	10 m	8 m	5,5m
	3.5 m		14m*	11 m	8,5m	6 m

Peripheral Protection – The OMVC 200

Peripheral Protection – Individual Houses

Vacant Sites

Videofied Technologies – NO AC

- No mains connection on the panel – we guarantee **4 years battery** life for all equipment including the control panel (Ex : Vacant Properties)

X-Series Panel – Battery Operated

Banks – Foreclosure Properties

Banks – Vacant Sites

Banks - Vacant Sites

Outdoor Protection

XTO– Wireless battery operated **outdoor** Panel

- **GPRS Module**
- **Radio up to 400 m**
- **PGM Input / Output**
- **Battery operated**
- **Outdoor IP65 case**
